SUMMARY:

Seasoned Full Stack Developer adept in both front-end and back-end technologies with a robust record of crafting high-performance applications. Brings a dynamic blend of collaborative leadership skills and hands-on experience in developing scalable web solutions.

SKILLS:

Programming Languages:

- Angular **(proficient)**
- HTML, CSS, JavaScript, bootstrap **(proficient)**
- c#, Java **(intermediate)**

Office Productivity:

Ms Word, Ms Powerpoint, Ms Excel, Ms Access

Software / Tools Used:

Ms Teams, Jira, Microsoft SQL Server ,Vs code

EDUCATION:

- **B.SC (Computer Science)**
  University Of Engineering And Technology PESHAWAR   09/2019 – 25/07/2023
- **F.sc (Pre-Engineering)**
  National College of sciences Mansehra   01/2017 - 06/2018,

EXPERIENCE:

- **Full Stack Developer | iengineering islamabad ,Pakistan**   07/2023 – Present
  I specialize in creating dynamic, scalable web applications using Angular and Java, driving innovation and efficiency across the full stack of development technologies.

- **.NET Developer Intern | Syscobyte Lahore ,Pakistan**   01/06/2023 – 29/07/2023
  I honed my skills in ASP.NET and Angular, contributing to the development of robust web applications and gaining practical experience in full lifecycle software development, from initial design to deployment and maintenance.

- **Frontend Developer Intern | iengineering islamabad ,Pakistan**   07/2022 - 09/2022
  I leveraged my expertise in HTML, CSS, JavaScript, and Bootstrap to create and maintain responsive, user-centric web solutions for diverse client needs.

ACADEMIC PROJECTS:

- **Plant Disease Detection Using Machine Learning**
  Engineered a Machine Learning model to accurately identify and classify plant diseases, enhancing agricultural productivity. Utilized Python for algorithm development and Java for application integration.

- **Weather Application**
  Designed and launched a responsive Weather Application providing real-time weather data and forecasts, crafted with HTML, CSS, and Angular, delivering a seamless user interface and interactive experience powered by JavaScript.

- **Question Answer Application**
  Developed an intuitive Question Answer Application to facilitate information exchange, using Angular for front-end dynamics, and HTML, CSS, and JavaScript to create a user-friendly platform encouraging engagement and knowledge sharing.

CERTIFICATION:

- **Frontend Fundamentals**
  (PIRPLE.COM)   (06/2020 - 07/2020)
- **Responsive Website Basics Code with HTML, CSS, and JavaScript**
  University of London and Goldsmiths   (07/2020 - 08/2020)
